

BIDDING INFORMATION

All contracts are approved or authorized by the Board of Education or its designee. Those contracts of more than \$25,000 are made in accordance with the state bidding procedure unless specifically exempted by Illinois School Code. Should District 206 be currently accepting bids or requests for proposals, the bid/proposal documents will be listed in the Bids link located below. It is the vendors responsibility to check the website 24 hours before the due date to see if any addendums have been issued regarding a bid or request for proposal.
